

## Current Status

Stadiums Tasmania's newly appointed Board has held five meetings since the appointment of its Chair and five other Board members in December 2022. Its current focus is on preparing for the proposed transfer of five existing stadiums to the authority, commencing with the Silverdome and UTAS Stadium.

The Chair and members of the Board have visited each venue between them and met with the stadium owners and managers to better understand the profile, current use and future vision for each stadium.

The authority has also commenced a process of due diligence around the transfer of the Silverdome and UTAS Stadium. It will take some time for the details and agreements associated with each transfer to be worked through. Until that time, each stadium to transfer will continue to operate as usual.

## CEO Recruitment
